PRESS RELEASE

The Urlaubs-Express Summer Program 2019

- **Verona, Villach, Munich and Lörrach on offer**
- **New route: Düsseldorf - Villach**
- **New over-day train Düsseldorf - Munich**
- **Booking starts on September 4th**

Cologne, September 5th. Cologne-based motorail provider Train4you has presented the summer program 2019 of its Urlaubs-Express. In addition to the proven routes from Hamburg to Verona, Villach, Munich and Lörrach, the company is expanding its services in Düsseldorf. From there, in the summer of 2019, the market leader will also serve Villach in Austria alongside Verona. „The demand for our trains from Düsseldorf to Verona in the 2018 season has encouraged us to become even more active in the West. With Villach we there add a destination to our program that is requested again and again,” says Train4you managing director Niko Maedge.

Another new addition to the UEX offer is a one-day motorail train Düsseldorf-Munich-Düsseldorf. The Urlaubs-Express thus picks up the tradition of the „Christophorus Express“, which took passengers and vehicles from Düsseldorf to Munich East from the 1960s onward until well into the new millennium.

The UEX summer program starts on May 17th, 2019 with the classic Hamburg-Verona. One day later, the first over-day train leaves Düsseldorf. After a total of 328 departures, the season ends on October 12th, 2019. The days of service remain unchanged. Trains to Verona run on Fridays (Saturday return), to Villach on Sundays (Monday return). For the trains to Munich and the services to Lörrach there are seasonally changing days of traffic. Bookings for summer 2019 can now be made on the Urlaubs-Express website (www.urlaubs-express.de) and via selected travel agencies and sales partners.

Prices on the Urlaubs-Express remain stable for the third year in a row. For the first time, however, a single journey in a couchette car is available for as little as 59 euros. Vehicle transports can be booked from 99 Euro (motorcycle) and 109 Euro per route for a car.

The holiday express winter program had already been released for booking in July. From December 21st to March 30th, 2019, the UEX motorail trains will leave from Hamburg and Düsseldorf to Munich on Fridays and return on Saturdays. Attractive direct overnight connections to Austria's top ski resorts as far as St. Anton and Zell am See are available for guests without a vehicle. The northern trains connects Bremen for the first time. In the west passengers can board in Münster, Dortmund, Bochum, Essen, Duisburg, Cologne and Koblenz. Single journeys in winter are available up form 59 Euro.

About UEX: Urlaubs-Express is a brand of the Cologne-based Train4you Group, which has close ties to the MSM Group. MSM has been providing group travel and events since 2002. The group also operates a ticketing system and has been running full-service rail charter services since 2006.

In 2015, Train4you acquired rolling stock of over 70 railway carriages—consisting of couchettes, sleeping cars, club cars, dining cars, motorail wagons, and luggage cars—and thereby became Germany's largest private rail charter company. In addition to operating motorail services, Train4you also runs ski, party, and fan trains.
